# WELCOME TO BUSINESS GARDEN RĪGA

# Business Garden Rīga

An innovative office campus for growing your business.  
Designed by people for people. A space to develop, create  
and thrive.

A SPACE TO GROW

# Business Garden story

All Business Garden offices are located close to the main airport and city centre. Each campus likewise boasts a spacious garden, recreation areas and green spaces for recharging.

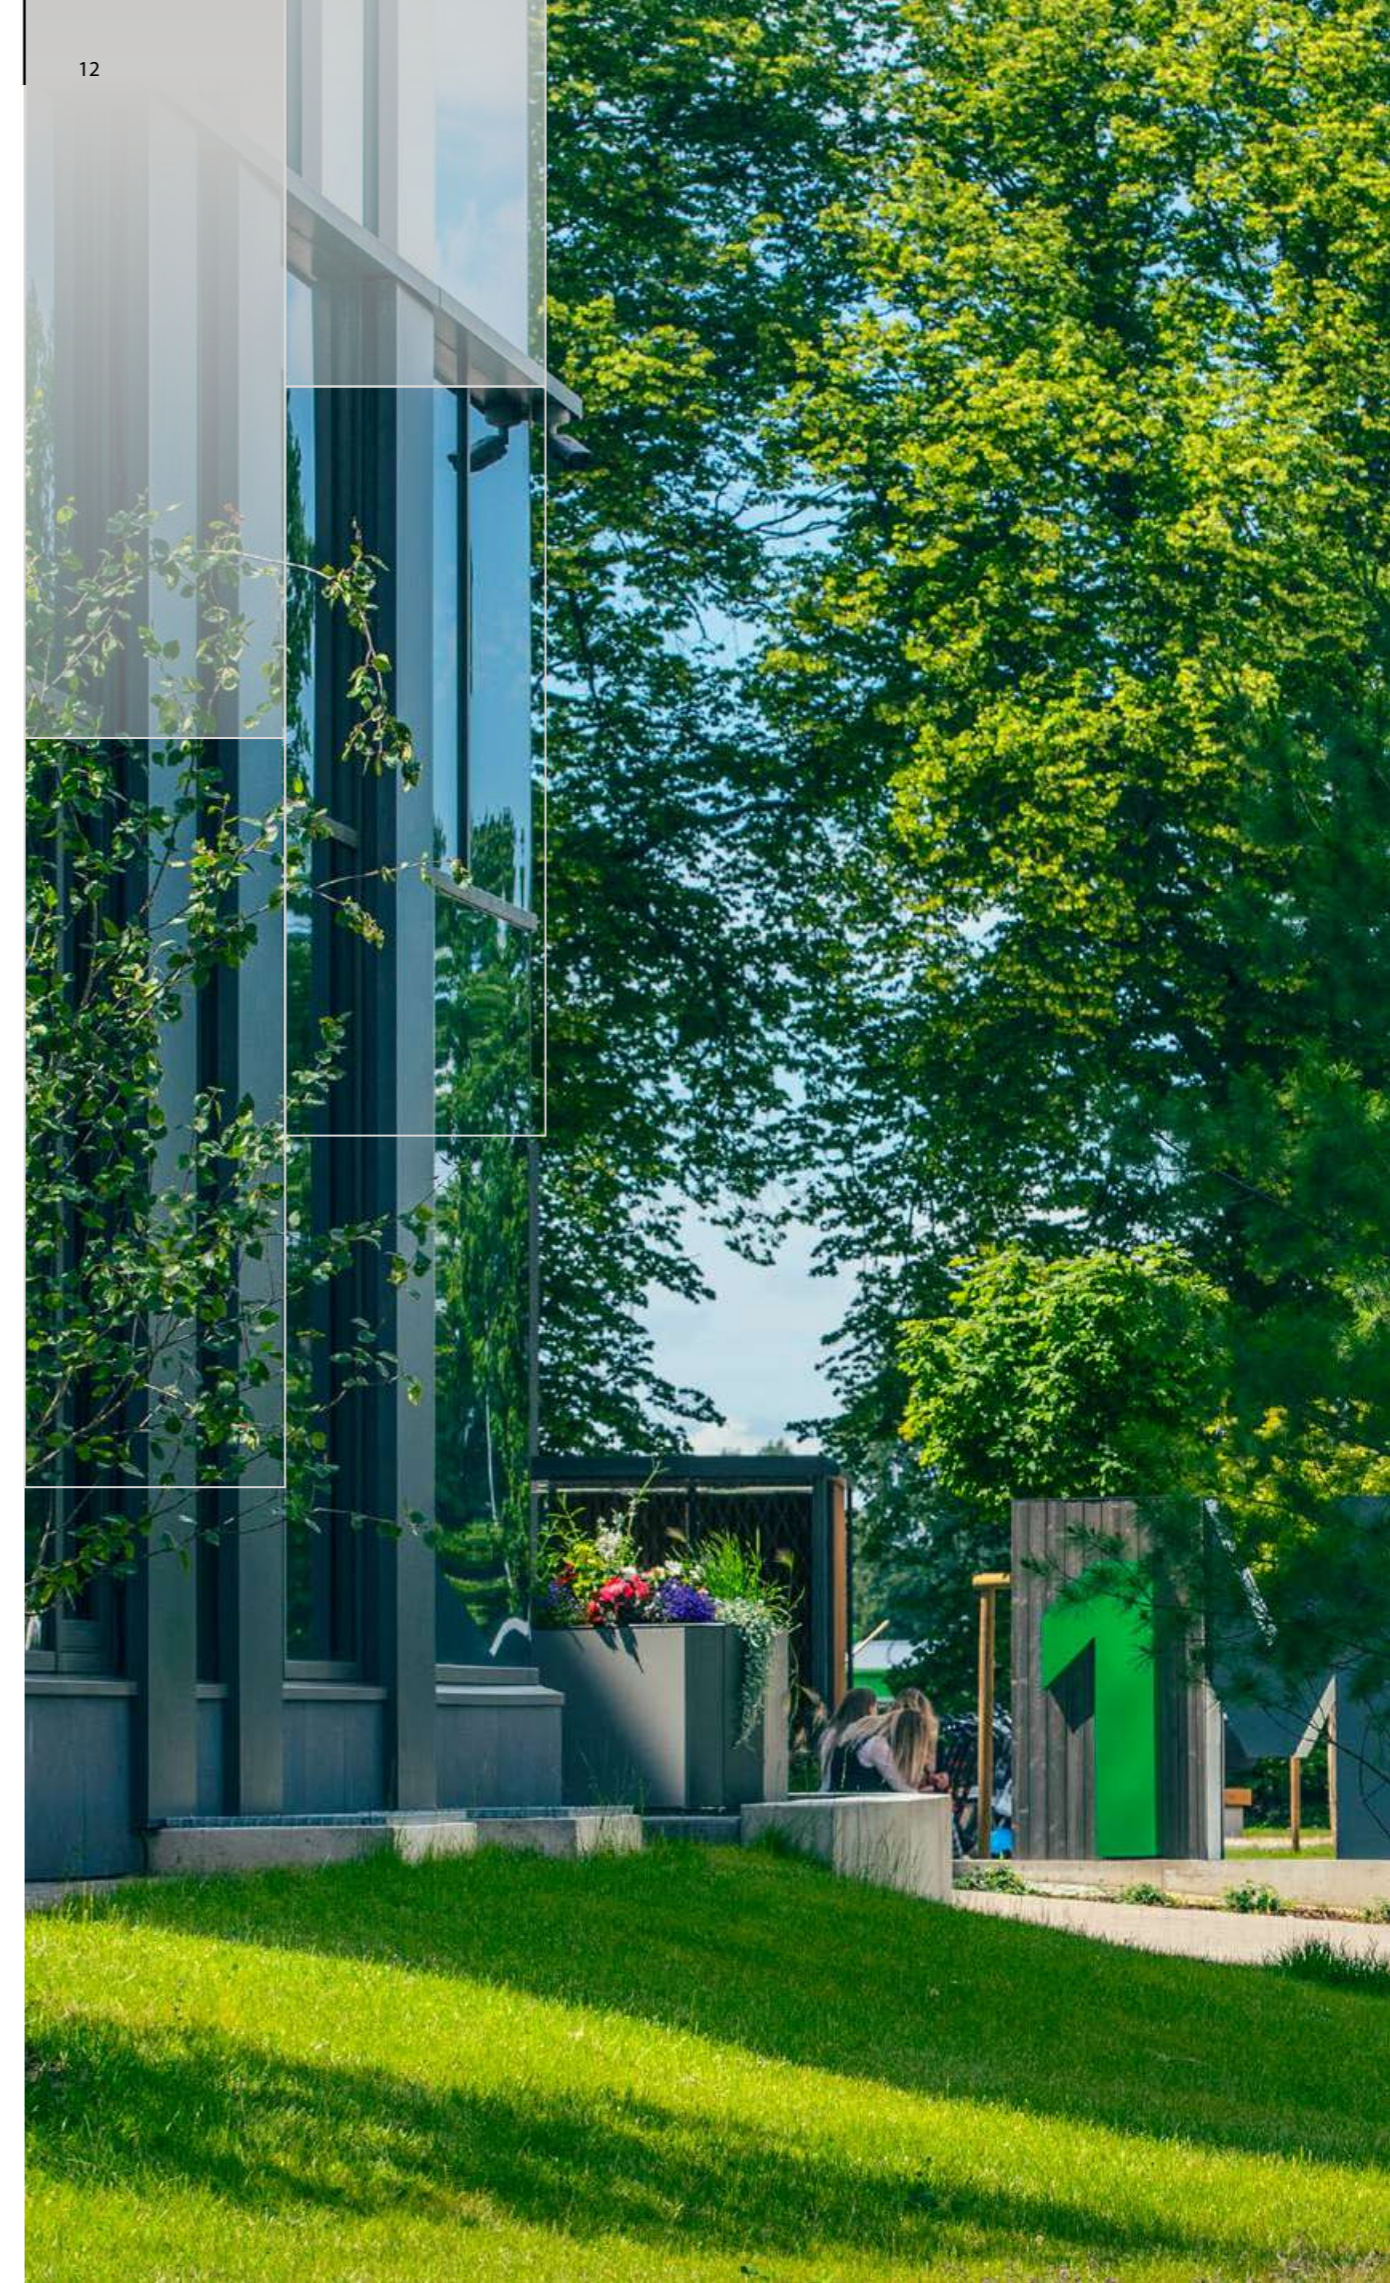

The building's human-friendly proportions and technical solutions create a comfortable and safe environment for Business Garden's tenants. Natural light, spacious floor plans and easily-adaptable workspaces are only some of the benefits tenants experience daily.

All campuses have received platinum LEED certification that testifies to their flawless quality, sustainability and energy efficiency.

Business Garden operates in Latvia, Poland, Lithuania and Romania.

OFFICE CAMPUS  
PROJECT

## Tree-friendly office campus

In Business Garden Rīga, trees are treated with respect. Before starting the construction of Business Garden Rīga, Vastint Latvia invited a team of arborists to conduct a thorough tree inventory on a 13 ha plot of land, appraising the number, types, varieties and value of the trees. It was discovered that a significant number of trees were especially valuable and in excellent condition. Some trees were even estimated to be 120-140 years old and three of them of national importance.

Vastint Latvia paid close attention to the arborists' report and the office campus was literally built around the valuable trees. The trees that were impossible to maintain in their original locations were carefully replanted nearby. In total, 67 trees were preserved during the construction process and more than 100 new trees were planted.

# Highest quality standards

Business Garden Rīga is built to the highest global standards with international and regional recognition. It is the first building in Latvia to receive the LEED Platinum certification – the most widely used sustainability assessment system in the world. Business Garden Rīga office campus received the highest acclaim from industry professionals winning 1st place in the “New public building” category in the Latvian Construction Annual Awards of 2019 and 3rd place in the “Best Building of the Year in Latvia 2019” competition.

# EVERYTHING YOU NEED TO GROW YOUR BUSINESS

# Convenient location

The office campus is neatly situated between Riga's International airport and the city centre and is within walking distance of shopping and recreation centres. Located next to one of Riga's central avenues, Kārļa Ulmaņa gatve, Business Garden's office campus likewise borders Mārupe – a prominent residential area with expanding infrastructure of transport, cafes, schools and sports facilities.

7 MINUTES TO RIGA INTERNATIONAL AIRPORT

15 MINUTES TO THE CITY HISTORICAL CENTRE

>> DYNAMIC CITY MEETS RESIDENTIAL EASE

### Rail Baltica 2026

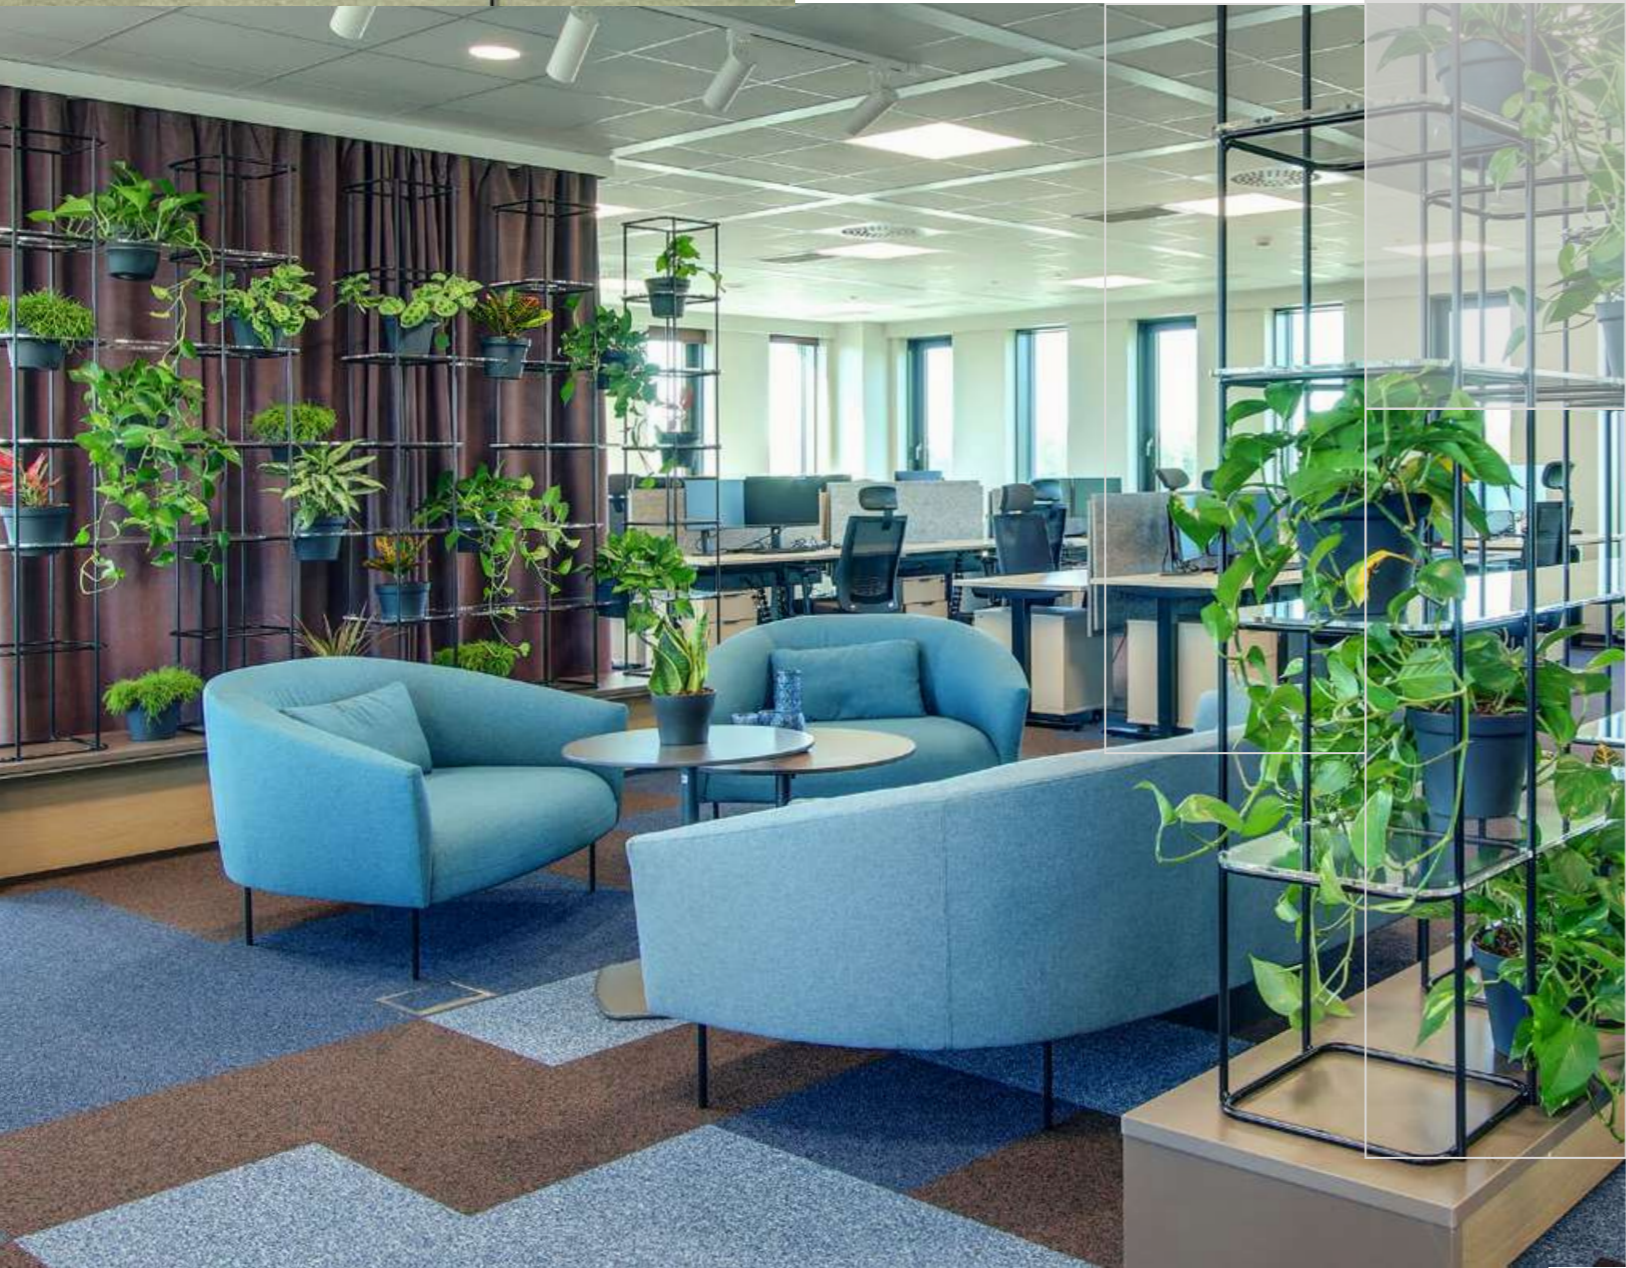

A new railway line will soon connect Tallinn - Riga - Kaunas - Warsaw - Berlin.

15 minutes to the main station of Rail Baltica.

7 minutes to the railway station at Riga International Airport.

MOVE-IN  
READY WITHIN  
4 MONTHS

## Premises built for you

At Business Garden, your business needs are our priority. Our spacious office premises can be converted to an open-space office, a traditional office or a contemporary agile workspace, meeting every client's specific business requirements.

Office premises can effectively be adapted to any tenant requirements and will be move-in ready within 4 months.

---

**(commissioned) – 14,344 m<sup>2</sup>**

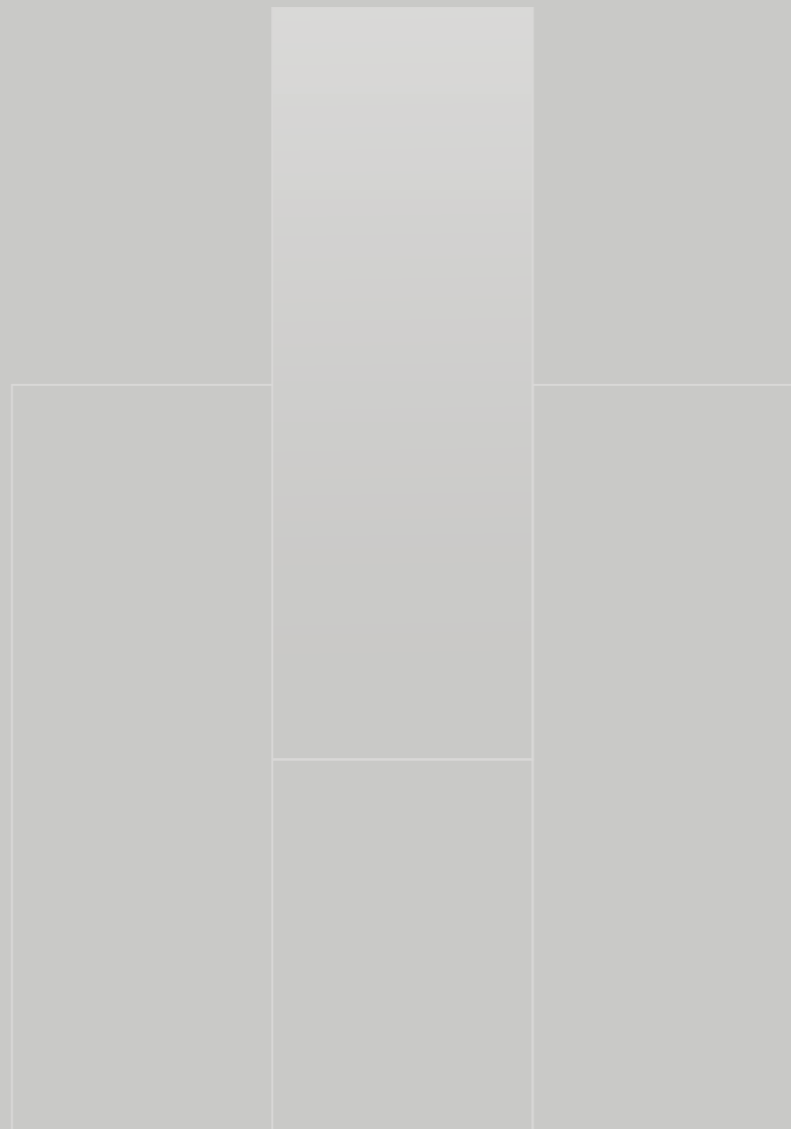

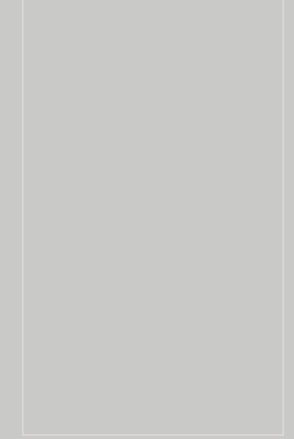

**2ND STAGE**  
**(available as of 2022) – 27,200 m<sup>2</sup>**

**3RD STAGE**  
**(design stage) – 28,500 m<sup>2</sup>**

# AN ENVIRONMENT FOR WELL-BEING AND PRODUCTIVITY

# Environment for business and leisure

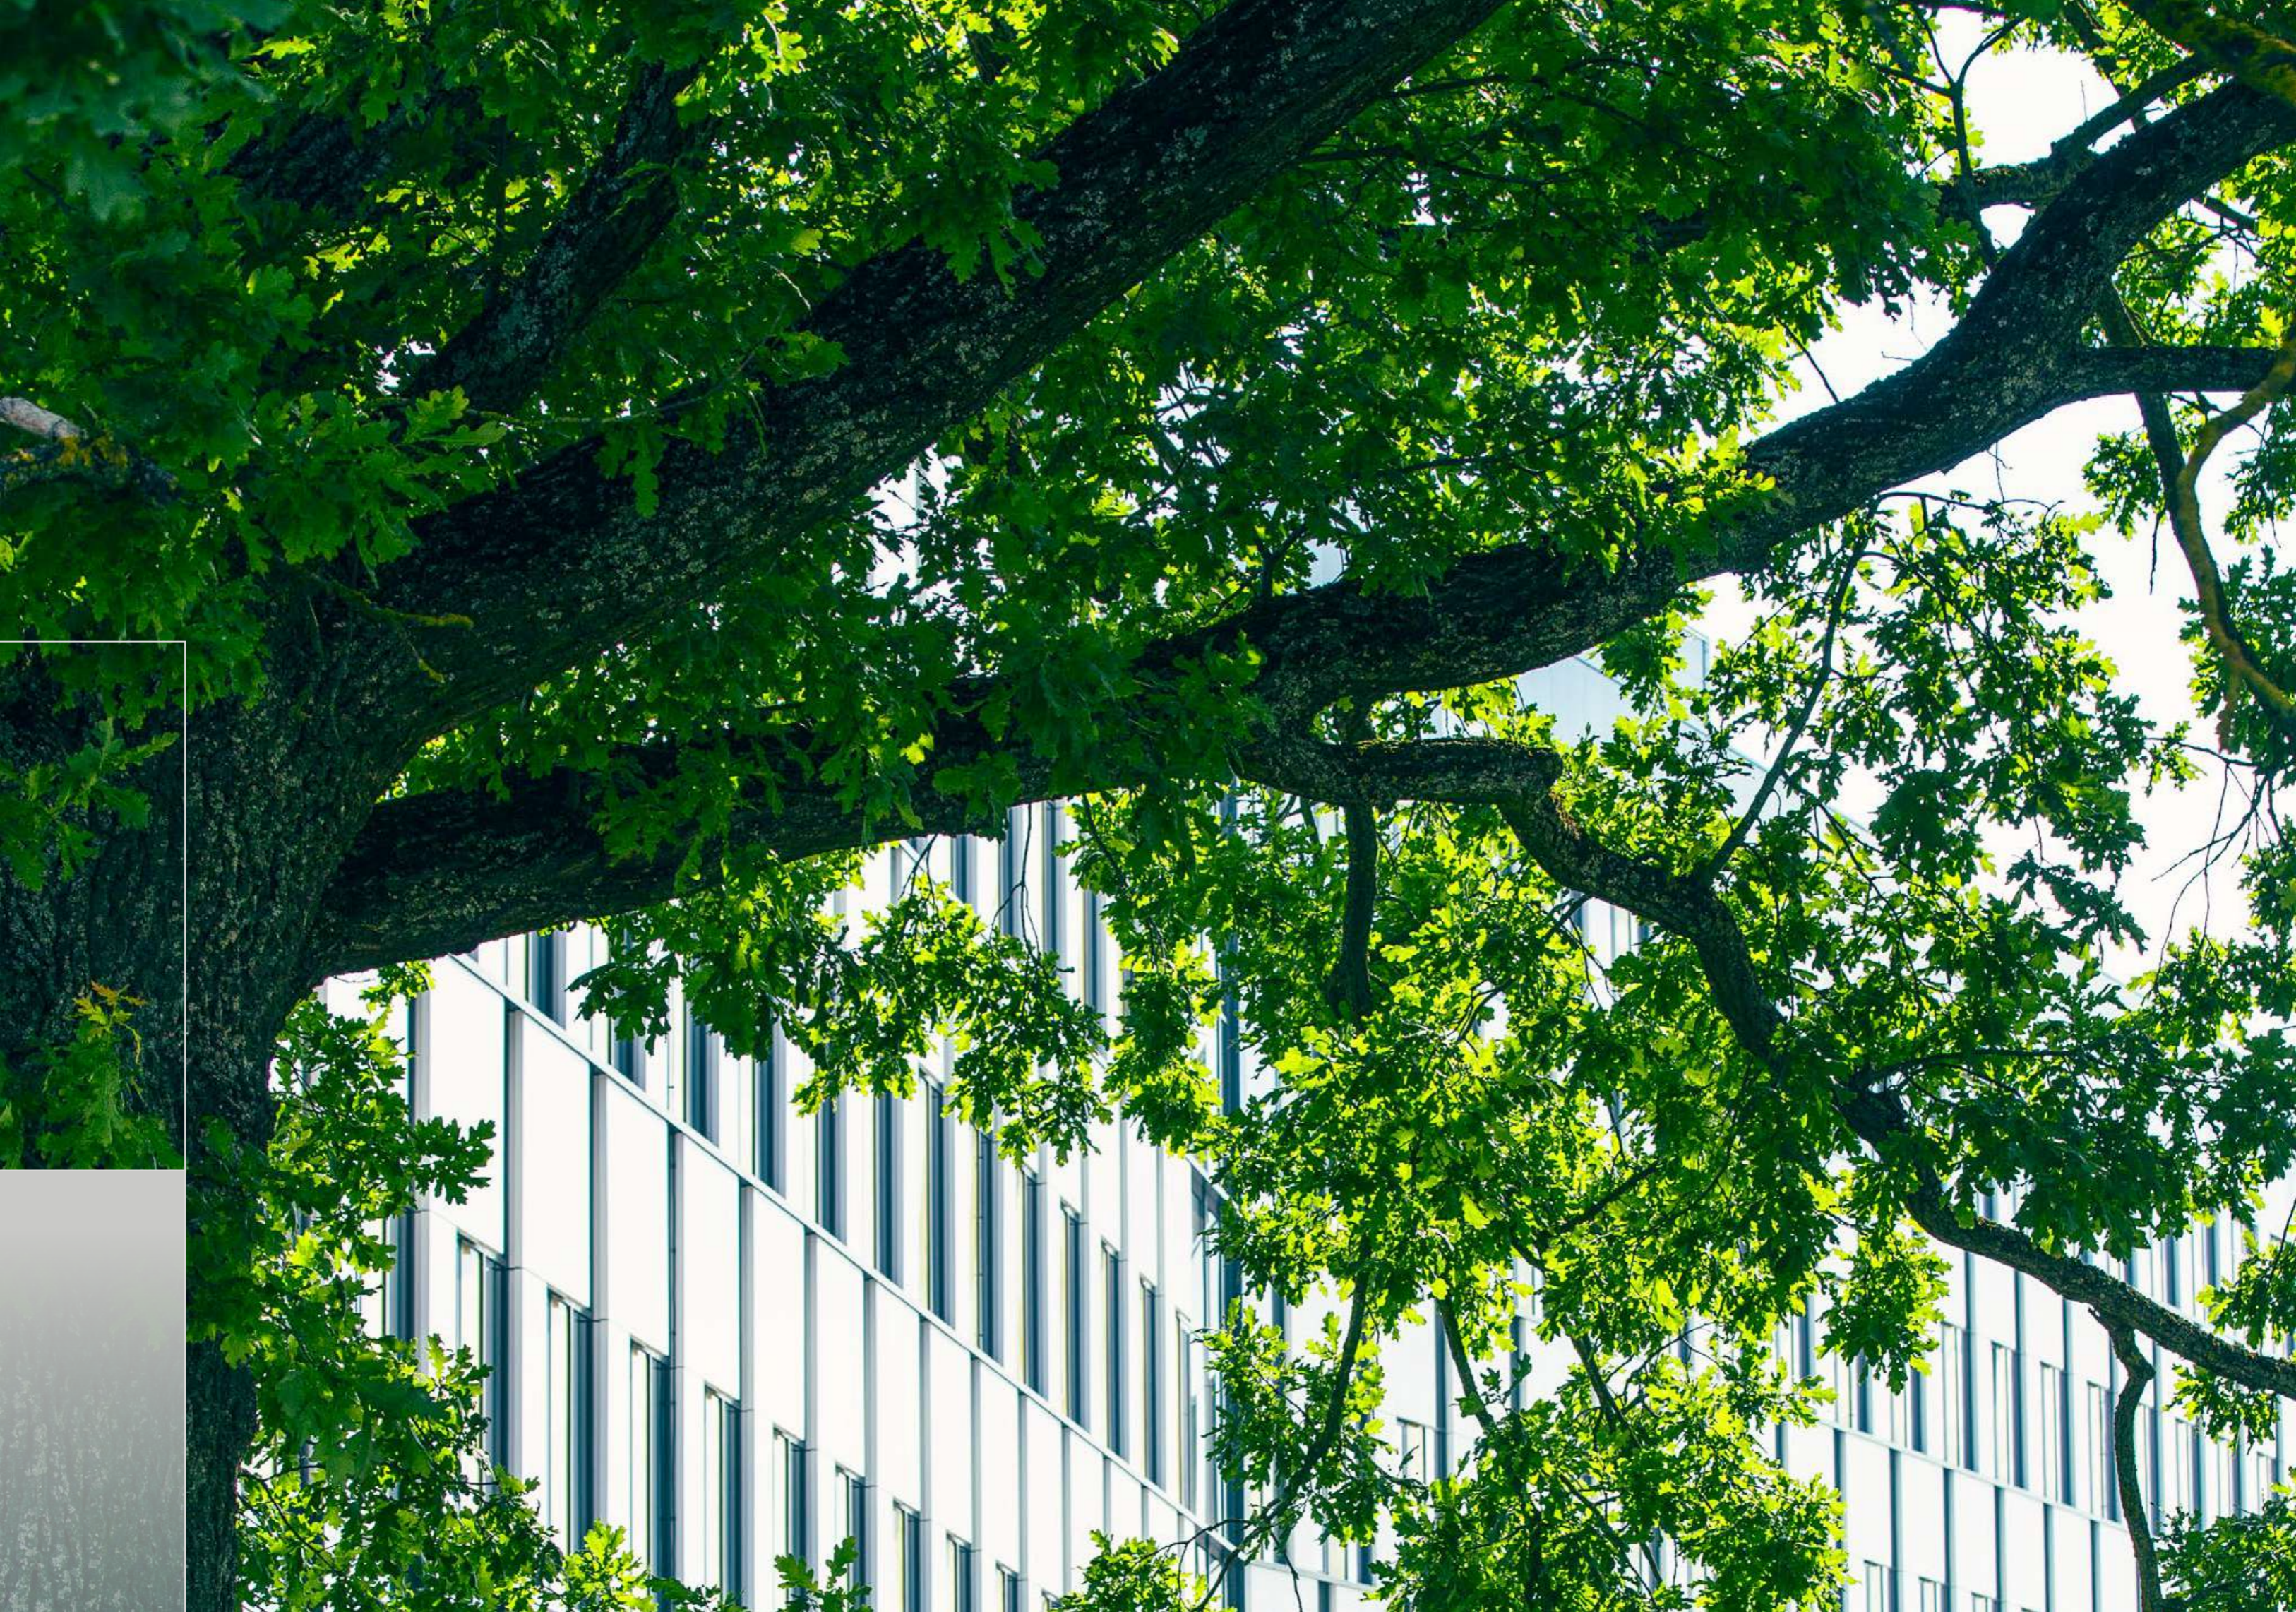

At Business Garden, equal attention is paid to the garden as well as the layout and functionality of the buildings. The campus is planned to ensure that being at Business Garden Rīga is a pleasant experience from start to finish and that the surrounding area can be fully utilised in the morning, during lunch breaks and after work. The outdoor areas of the office campus are divided into various functional zones, providing a place for sports activities, recreation and lunch. Separate areas are also foreseen for organising various events like fairs, concerts, etc. The territory is open so that it is available not only to office workers, but also to the local residents.

Studies show that looking at nature and changing one's work environment not only increases productivity but also improves overall focus and work satisfaction. The spacious garden houses more than a hundred trees including centuries-old oaks and large Holland lindens of state importance. As the campus grows and develops, so will the garden, imbuing the entire complex with strength, vitality and joy.
